

PRAMIT ROY

Toronto, ON

roy15@mcmaster.ca | 416-799-4805 | github.com/proyneon-hub

PROFESSIONAL SUMMARY

Detail-oriented IT professional and Software Engineering student with 5+ years of experience in technical support, endpoint deployment, and troubleshooting across hardware, software, and network systems. Skilled in Windows, Linux, macOS, and IT infrastructure. Hands-on experience building full-stack web applications using JavaScript, React, Node.js, and MongoDB, including a deployed IT ticketing system. Currently pursuing a B.Tech in Software Engineering at McMaster University and seeking Fall 2026 co-op opportunities.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, Java, C, HTML5, CSS3

Frameworks/Tools: React, Node.js, Express, Next.js, Vite, Git, GitHub, Vercel

Databases: MongoDB

IT & Systems: Windows, Linux, macOS, imaging/deployment, troubleshooting, L1/L2 support

Networking: LAN/WAN basics, connectivity troubleshooting

Other: Bash/Shell, Oracle SQL, VMware ESXi

PROJECTS

IT Ticketing System (Full Stack)

GitHub: github.com/proyneon-hub/it-ticketing-system | Live: it-ticketing-system-nine.vercel.app

- Built a full-stack IT ticketing system using React, Node.js, Express, and MongoDB.
- Implemented ticket lifecycle management (open, in-progress, resolved, closed) with filtering and priority levels.
- Designed RESTful API endpoints and integrated MongoDB for persistent data storage.
- Deployed using Vercel with environment variables and API routing.

Chess Game (Next.js, TypeScript)

GitHub: github.com/proyneon-hub/Chess-Game | Live: chess-game-six-zeta.vercel.app

- Developed a browser-based chess application using TypeScript and Next.js.
- Implemented interactive game logic and responsive UI components.
- Deployed the application using Vercel for production hosting.

PROFESSIONAL EXPERIENCE

Security Concierge – SMS Securities, Toronto, ON (May 2024 – Present)

- Monitor access control systems and maintain detailed logs.
- Coordinate incident response and reporting procedures.
- Trained 5–6 new employees on protocols and documentation.

IT Technician – Blum Technology, Markham, ON (May 2019 – Nov 2023)

- Delivered L1/L2 technical support for corporate and educational clients.
- Configured, repaired, and deployed thousands of devices across Windows and macOS.
- Prepared approximately 200 devices weekly for client deployment.

IT Support – Neon Valley Signs Ltd., Etobicoke, ON (Oct 2016 – Nov 2018)

- Provided troubleshooting for hardware, software, and network systems.

Research Assistant – Crystal Fountains, Vaughan, ON (Jan 2017 – Apr 2017)

- Assisted with prototype testing and technical documentation.

CERTIFICATION

Google IT Support Professional Certificate (Oct 2024)

EDUCATION

B.Tech in Software Engineering – McMaster University (Expected 2028)

DCS/DEC in Computer Engineering – Humber Institute of Technology (2017)
