

PRAMIT ROY

Toronto, ON | 416-799-4805 | roy15@mcmaster.ca | github.com/proyneon-hub | pramitroy.tech
Software Engineering Student | Full-Stack Development | IT Support & Systems

PROFESSIONAL SUMMARY

Software Engineering student at McMaster University with 5+ years of IT support, endpoint deployment, troubleshooting, and systems experience. Skilled in JavaScript, TypeScript, React, Next.js, Node.js, Express, MongoDB, SQL, REST APIs, Git, Windows, Linux, networking, and device configuration. Built and deployed full-stack web applications including an IT ticketing system designed around service management workflows. Seeking Fall 2026 co-op opportunities in software engineering, IT systems, technical support, or internal tools development.

EDUCATION

Bachelor of Technology (B.Tech), Software Engineering | McMaster University | Expected 2028

Diploma, Computer Engineering | Humber College | 2017

Certification: Google IT Support Professional Certificate (2024)

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, Java, C, HTML, CSS

Frontend: React, Next.js, Vite, responsive UI

Backend & APIs: Node.js, Express, REST APIs

Databases: MongoDB, SQL

Tools & Platforms: Git, GitHub, Vercel, VMware ESXi, Bash, CLI

Systems & IT: Windows, Linux, macOS, L1/L2 troubleshooting, imaging, deployment, device configuration

Networking: TCP/IP, LAN/WAN, network troubleshooting

SOFTWARE & IT SYSTEMS PROJECTS

IT Ticketing System | React, Node.js, Express, MongoDB

GitHub: github.com/proyneon-hub/it-ticketing-system | **Live:** it-ticketing-system-nine.vercel.app

- Developed a full-stack IT service management platform using React, Node.js, Express, and MongoDB.
- Implemented ticket creation, lifecycle tracking, search, filtering, priority assignment, and REST API endpoints.
- Designed workflows around real L1/L2 support experience, including status updates and issue triage.
- Deployed using Vercel with production environment variables and configuration.

Chess Game | Next.js, TypeScript

GitHub: github.com/proyneon-hub/Chess-Game | **Live:** chess-game-six-zeta.vercel.app

- Built an interactive browser-based chess application with TypeScript, Next.js, reusable UI components, and responsive design.
- Implemented game logic and production deployment using Vercel.

PROFESSIONAL EXPERIENCE

Security Concierge | SMS Securities | Toronto, ON | May 2024 - Present

- Maintained accurate incident documentation, access-control logs, and shift reports in a high-accountability environment.
- Trained new staff on operating procedures, escalation protocols, and daily site operations.
- Monitored access-control systems and responded to operational incidents.

IT Technician | Blum Technology | Markham, ON | May 2019 - Nov 2023

- Delivered L1/L2 technical support for enterprise clients across hardware, software, and network issues.
- Configured, imaged, updated, and prepared approximately 200 devices weekly for deployment.
- Performed OS maintenance, endpoint setup, troubleshooting, and deployment documentation.
- Supported device lifecycle tasks including preparation, testing, configuration, and issue resolution.

IT Support | Neon Valley Signs Ltd. | Etobicoke, ON | Oct 2016 - Nov 2018

- Troubleshooted hardware, software, and connectivity issues for office systems and end users.
- Diagnosed network problems and supported device setup, maintenance, and basic systems operations.

Research Assistant | Crystal Fountains | Vaughan, ON | Jan 2017 - Apr 2017

- Conducted prototype testing, research, documentation, and issue reporting for product development workflows.
